

We are declaring an energetic design for the entire Web of Life in Earth Experience

Cut the galactic glyphs apart.

Gather the glyphs from November and choose a way to bless and release them. Burning is one options. Then, with your own way of blessings, place the December glyphs under clear quartz crystals in the middle of your stone circle.

You and all you love are held within this vibrations.

Reality Statements for December 2019

Truth telling, speaking truth, enriches the ability to see clearly, think deeply, discern falseness, and is safely guarded as Truth adds value to our world.

- Our world is held in balance through the truth and accountability it assures.
- The power of clarity, strength and guardianship surrounds all who are acting to bring truth to the masses.
- The eternal knowledge of Divine Home underlays all stories of possibilities, solutions, transformation and healing for our world and the entire web of life.
