

# Guardian Circles

**The Power of Souls in Female Bodies to  
Eradicate the Energies of Domination, Usury,  
Control, Violent Agendas from our Midst.**

## **Guardian circles**

### **Intention of these Circles:**

To identify a person or project for which the group will commit to consistently holding, clearing, and invigorating space.

As the greater circle, we intend to create actions that will eradicate/eliminate the destructive, parasitic energies that feed off humanity and Earth. On such creation are circles of sovereign women who are deeply rooted in personal accountability, authority, and commitment to causing the removal of such energies to allow our true nature of All Good to emerge.

### **Principles upon which these circles function:**

- We understand the **Power of the Word** to create and so we use positive Reality Statements to set our goals.
- We also understand the **Power of Personal Voice and Female Authority** as in the “statement, “Ask and ye shall receive.”
- We understand the **Value of Working in and with Those in the Unseen Worlds** many call spirit.

We are women from many backgrounds, religious, spiritual, hopeful, optimist, etc. All are welcomed as we believe in the richness and strength of collaborations of diversity.

Each circle will function independently of the person being held. She will be doing her work, and the circle will be doing theirs.

## **Circle Debrief Sharings to Support individual circles and one Monthly all to answer questions and work with what is emerging.**

You can schedule a regular time to gather online via zoom by going to a scheduler site we are setting up and booking your days and time.

### **Protocol for a Guardian Circle Debrief Sharing call**

1. Set space with pray/intention , lighting candles is an option
2. The intention for this call is to share feedback, notice all new emerging possibilities, grow a creative, collaborative, supportive community.
3. Take turns being the facilitator to move the actions along.
4. Determine the rotation for the 'talking stick; each person could be numbered.
5. During the sharing, honor these principles
  - Everyone in a leader
  - Each will share from their heart and their own experience
  - You are there to listen deeply to each sharing
  - Be respectful of the time with concise sharing, i.e. 1 to 2 minutes
  - We are not there to fix, change, or debate with one another
  - Each voice is valuable because it is present
  - Notice what emerges within you and make a note of what personal healing might arise. Do that off-line.
6. Everyone has the space to speak or to pass
7. Next, is for feedback from the previous work
8. Then, ask for anything anyone has noticed that is emerging for additions to your work or changes. Address them
9. Then, close the circle with thanks and appreciation for each other. Maybe reading a poem. Ask for the next sister to schedule the time and facilitate the next circle.
10. Your circle can determine how long they want to hold the Guardian Circle for the specific project or person.

## **Suggested script for the formation and focus of a Guardian Circle:**

Create the energy space for those women gathered in circle. The field can be expanding through meditation, breath, prayer, and imagination. This connection with the strength of belly wisdom, intuition, and heart commitment is the beginning.

“We in the circle are gathered as the owners of the space ( in which .... Project is being created, ..... is expanding her work of light, .... New policies are being decided....., etc”. We come together with the right of Females to design space and cultures that bring benefit to the entire web of life, with divine sensitivities to discern any ideology vibration that would use and/or destroy Good, and the deep rooted commitment to call in Spiritual Teams of integrity to remove any destruction energies that exist with that space or who come toward that space.”

Allow time for those words to move through each woman, let her breath that decree out into the world, and she can listen to what the created field of intelligence has to say to her. Also, to say what she would want to say to that field. There may be an angel or guardian or guide that approaches each woman who will be her touchpoint during this work. Other support may emerge such as a name for the circle.

Clarify to the Intelligence of this circle space, the length of time that the women have committed to hold this circle.

## **Suggested script for Daily Focus of 5 minutes or as directed:**

I stand as one in circle of female authorities held in Sacred Ground of Sovereignty with boundaries of the Red Rock Vortex.

We are connected to teams of power, clarity, and integrity with the ability to intentionally identify and remove of all energy of destructive, parasitic nature.

We stand together and claim ownership of the space of .... And her project.....

Energy holding any form of destruction, is turned over to the PTO teams as NOT Acceptable in this space, world or Galaxy. It is identified, neutralized extracted, eliminated from all space, time, dimensions and reality.

I stand in collaborative partnership with these women, the PTO, Gaia and her Golden Dragons, in this extraction.

All energy of Good, i.e. love, generosity, creativity, abundance, flows in constant balance into this space to fill and life ..... and her project of.....

Hold that focus for about 5 minutes.

You can ask what is there for me to do today toward that end?

Each circle will function independently of the person being held. She will be doing her work, and the circle will be doing theirs.

## **Circle Support**

We are in the process of setting up a **dedicated zoom room for each circle** to use in whatever time segments they choose....

## **There will be monthly Question, Answer, and Orientation Calls on the third Wednesday of each month.**

You can bring your friends who might want to be a part of a circle. Also, come anytime and let the questions and experiences of the larger group deepen your clarity and root your power as a woman of authority.

Date: Third Wednesday of each month

Time: 3:30 to 5 pm PST

### Definitions:

- **Reality Statement** is the name I give what many know as affirmations. These statements are used within the Reality Shift Protocol.
- **The Reality Shift Protocol** is a multi-step protocol that brings the Reality Statement to impact the physical, mental, emotional and spiritual body regions, directly impacts the network of life, brings in new codes, re-programs the brain, and fills the emotional and spiritual bodies with the harmonics of the new 'songs' through feelings and imagination.

- **PTO** is the name I have given to the team of three abilities: 1. With the ability to identify parasitic energy at any vibrations level, 2. Teams of TAG healers who will restore cleared area to soul resonance of Good, 3. Plutonian beings of spiritual bodies who will hold secured space for the identification, neutralization, removal and restoration to be done.
- **Mother Earth**, Gaia and her Golden Dragons are working with those who know of them, to remove parasitic energies at the decree from Female voices
- **Shiddea Mission**, mentioned in my book, Remembering Earth Mission, from the Ancient Ones, Keepers of Galactic Secrets was agreed to by many now on the planet to eradicate parasitic energies that have been "feeding" off the energy of humanity thereby destroying life. You might find the aspects of this mission interesting and inspiring.

**Guardianship Circles are a powerful force for causing the changes needed in our lives, country and world today.**

The authority voice of the Female with their connection to spiritual forces who have the ability to identify and permanently remove parasitic type energies is what has been missing in our desire to change our world.

The ability to sustain the **Calls to Action and Empowered Mentoring** required for these circles, depends on the vision and generosity of individuals like you.

Once you have experienced the of working from an authority stand with those in Spirit in behalf of the Amazing projects that will change our world, **consider becoming a Patron through Patreon or Paypal.**

Words to create the intention of our Circle:

I/We are stewards of all space in which ( ... ) resides and declare it Sacred Ground of Sovereignty.

We declare that any form of parasitic/domination energy or influence is consistently identified and extracted from our space by PTO and more.

The harmonics that brings benefit to life expands and lifts all in this space as is intended.

I/We are safe and ( ) is inspired to create fearlessly in secured safety.

And it is so!

As I/We hold space of our Divine Good,

Purpose is to extract all forms of parasitic domination to their original home to be sealed there.

to secure, inspired space for emerging creative, solutions of any aspect of Good, i.e. love, abundance, joy

to restore souls in a female body suit to their assignments to design, discern, and declare for sovereignty.

Every day for 5 minutes for the time period the team agrees upon, each member of the circle are restating and energizing this decree and space.

I am also listening to the intelligence that becomes this space to hear what more needs to be known by myself and/or the circle members.

invasion energy and the PTO

protection and go beyond protection,

work with natural law to have them removed. This is our home... invaders do not belong and must be taken back to their home of origin

answer is working with those in the Spiritual

identify by energy

ability to remove

only need the decree/word in the physical body as the authority
